

# CUSTOM FIT FORM & SUIT OPTIONS

This Fit Form will guide you through the process of measuring your body for either a custom fitted suit or to help us determine your standard suit size. It is important that you follow **all** instructions.

Tell us your measurements. Please use a CLOTH tape. Do NOT measure yourself - get someone to help you, Do NOT substitute actual measurements with clothing sizes. Do NOT add or subtract to the measurements, we will do so to your desired fit. Any alterations or changes due to inaccurate measurements will be at the cost of the customer.
